Special meeting to approve budget and public hearing

Discussion of budget –

DPW raises, next budget year consider a higher percentage raise for TJ & smaller percentage raise for Mike per his request.

Planning for next year Denise requested that each trustee have budget requests in writing and turned in by the end of December. Significant budget additions/changes will be discussed in January and preliminary decisions/approvals will be made at that time. This will make creating the budget a much smoother process. She also requested that each trustee oversee their department budget more closely over the next budget year and that the clerk provide a copy of the budget with individual areas highlighted for review.

General discussion regarding future business development and improvements in the village.

Reviewed the Memorial Day/Founder’s Day event.
